TODAY'S LIVE NEWS OF SUNSHINE STATE

LINCOLN SHERIFF ANOTHER ADDITION REMOVED FROM OFFICE TO INSANE ASYLUM

Jury Finds Porfirio Chavez Guilty of Neglect of Duty as Charged by State Traveling Auditor.

[Special Dispatch to Evening Herald]
Carrizozo, N. M., April 11.—A jury in the district court here has found Porfirio Chavez, sheriff of Lincoln county, guilty of neglect of official duty, as charged by the state traveling auditor and he has been removed from office by order of Judge Medler. His successor will be appointed by the governor. The removal of Chavez, a Democratic official, is the first to occur under the new law, taking the power of removal away from the governor and placing it in the hands of the regular judicial procedure. The case was stubbornly contested. There were numerous charges against Chavez.

EMBEZZLEMENT CASES ON AT TUCUMCARI

Tucumcari, N. M., April 11.—A number of cases of alleged embezzlement are to feature the present term of the district court for Quay county. Judge T. D. Leith, presiding. Civil cases are being heard this week and the petit jury will be empaneled Monday.

Nine different indictments of embezzlement, entitled State of New Mexico vs. Cabell H. Chennault, were passed for the present. It is generally understood that Chennault is quite ill and it is possible that his health will necessitate the continuance of these indictments until the next term of court. The nine indictments are the results of alleged embezzlements during the Chennault administration as treasurer of Quay county.

The first criminal case to be tried will be State vs. William F. Buchanan, the indictment being for alleged embezzlement. The charges grew out of the failure of the International Bank of Commerce, of which Buchanan was at one time president. It is also quite probable that the state will call its cases against T. P. R. Smith and Hugh Swift, indicted on the charge of embezzlement and conspiracy to embezzle. These four indictments are the outgrowth of the recent failure of the First State Bank of this city. Swift was the president of the bank at the time of its closing. As a result of the failure of this bank R. P. Danahoe has instituted suit against a number of the stockholders in the civil court.

UNKNOWN WANDERER DIES IN STORM ON PLAINS NEAR DAYTON

Dayton, N. M., April 11.—Mystery surrounds the identity of a man found dead by the side of the road two miles and a half west of Dayton.

Mrs. F. C. Stallings, who was coming to Dayton, observed the body and Fred Berry, justice of the peace, took charge of the case, holding an inquest on the spot in due form, after which, by order of the district attorney, the body was taken to Artesia, where it will be held for further investigation.

The man was evidently about fifty years of age, thin, and without the slightest scrap of writing or marks that might lead to his identification, and so far none of the hundreds who have viewed the body have identified him.

It is the theory of officers that the man was wandering, and was overcome by exposure during the storm. This is borne out by the testimony of a small boy, who swore that he met the deceased Tuesday evening, late, and that the deceased asked him which direction the road led. The boy replied southward, and the man said he knew better, that it led east, and continued his solitary tramp.

SANTA FE WILL BE DISTRIBUTING CENTER FOR MAIL ORDER DOPE

Santa Fe, N. M., April 11.—A glimpse of the enormous business done by the mail order system was obtained from a conversation Postmaster Phueger had with Advertising Manager Smith of the Sears, Roebuck company of Chicago.

Mr. Smith came to Santa Fe to make arrangements with the postal authorities about the semi-annual shipment of catalogues which are to be distributed from this city over the southwest, or in postal parlance, to the first, second and third parcel post zones. Mr. Smith told Postmaster Phueger that the shipment would consist of 12,500 catalogues weighing four pounds each and that there would be a similar shipment six months from now. He said that annually 24,700 catalogues are sent from Santa Fe, which is found the "most central point" for the southwest. He added that Sears, Roebuck send out annually eight million copies of their catalogues and that in the year 1913 the company did business amounting to \$92,000,000, or about a dollar to every person living in the United States. He said that contrary to the popular belief, the company does more business in the east than in the middle west or west; that a thousand catalogues are sent out each day from Syracuse, N. Y.

Board Finds it Necessary to Increase Capacity of Crowded State Institution at Las Vegas.

Las Vegas, N. M., April 11.—At the meeting of the board of trustees of the New Mexico hospital for the insane, held Friday at the institution, E. C. DeBass was re-elected president and Eugene Ross was re-elected secretary and treasurer of the board. The board decided to advertise for bids for the supplies for the institution for the coming six months. Concerning the matter of constructing an additional building, the board decided to settle this matter at the next meeting. It has been proposed, and immediately, that an addition be built on the north side of the asylum to accommodate the patients. This addition probably will cost between \$5,500 and \$6,000 and will be used strictly for a women's ward.

General routine business was done at the meeting.

LARGE ATTENDANCE AT GOVERNOR'S MEET IN DOUGLAS WEDNESDAY

Douglas, Ariz., April 11.—According to word received this morning by Secretary Dutton of the Chamber of Commerce, a bunch of Tucson Borderland route boosters, headed by John F. Myers, of the Chamber of Commerce, will form a motorcade from Tucson to Douglas on the 14th to be here for the governor's meeting, and it is probable Governor Hunt will join the delegation at Tucson and come with them overland to Douglas.

The El Paso Auto Club, one of the largest organizations in the southwest, is also planning to be represented at the meeting. They will probably join Governor McDonald's party. The Tucson motorists will accompany the Douglas group from here to Rodeo on the morning of the 15th and on the return trip with the autos from El Paso and New Mexico added will make one of the most imposing auto parades that ever entered Douglas.

Day by day the approaching meeting grows in size and importance and it is fair to be one of the biggest events in the history of southern Arizona.

In a letter received today Walter Douglas, general manager of the Phelps-Dodge company, says he will attend the meeting if at all possible, though he cannot promise definitely at this time.

EXPOSITION CHIEF BUYS A HAYNES AUTOMOBILE

Head of San Francisco's Great Show, After Buying 26 Cars Says Haynes Has Lead Over All

San Francisco, April 11.—After a man has bought twenty-six automobiles and has the accumulated experience of many years of driving and riding in various makes of motor cars, it is evident that he is a good judge of the merits of the different models and makes, as is to know at once just what it takes mechanically and in point of material and finish to make the highest type of car.

Charles C. Moore, president of the Panama-Pacific International exposition, has had this experience. He has purchased from the Haynes Auto Sales Company a Haynes model 28 coupe, equipped with the new electric gear shift. Mr. Moore is so well pleased with his car that he drives it more than he had been the habit of doing in his former cars, owing to the simplicity of operation of the electric gear shift, and finds more pleasure in motoring than ever before.

"I knew that Mr. Moore would find the Haynes coupe a revelation in many ways," said W. B. Cochran, president and general manager of the Haynes Auto Sales Company, "and his satisfaction, expressed to me by his new car, gives me the opinion of other Haynes owners. The adoption of this eminently simple electric gear shift, one of the most important advances in motor car construction during 1913, emphasized the leadership of the Haynes factory in the automobile industry."

"Every year witnessed some marked improvement in the construction of motor vehicles, tending toward greater safety, greater comfort and greater economy in upkeep."

"The fact that Mr. Moore, in his mature judgment, selected a Haynes is in itself a compliment to the sterling worth of the car."

SEALEY Mattresses
Rest while you sleep

A Sealy tuftless Mattress is the only mattress, that will give you perfect rest while you sleep. It has no tufts to give it an uneven surface, or draw the filling together and make it a non-relaxing rest preventative. A Sealy is not only a mattress that will give you comfort when you need it, but is one that is positively guaranteed to serve you for twenty years. During that time it is guaranteed not to lump, pack, become uneven or out of shape.

It has taken years to perfect this mattress, but it will take only a few days trial to convince you that it is the best mattress made.

Call at our store and let us show you A SEALY.

END OF CASH IN NEW CITY HALL BUILDING FUND

When Roof and Cornices are Placed Money Available will be Exhausted—Council Must Provide

Unless something in the way of weather interferences, workmen will begin putting the concrete roof on the new city hall building Monday. Men are now at work on the cornices.

With the placing of the roof and the cornices the exterior of the building will be completed except for the finishing-off. The structure now stands, as planned, two full stories in height, with basement.

When the roof and cornices are placed the funds available for the construction of the municipal building will have been exhausted. The council will be called upon to provide more money, and if additional funds are not provided the work will come to a standstill.

The construction was begun with \$28,000 in the building fund, an accumulated sum. With the approach of the roof work the end of the \$28,000 is in sight.

Work has been pressed vigorously, regardless of the fact that money enough for the completion of the structure was not actually available, the administration feeling confident that further funds would be provided by the council at the proper time. There is no reason to expect that the new council will not provide the additional funds, but should there be a hitch in the financial legislation for any reason, City Engineer Gladding said today, the work might be held up indefinitely.

"The situation," said Mr. Gladding, "is this: When the roof and the cornices are on, we will have spent all the money in hand, and we'll need more to go on with the work. It will be up to the council to provide the money, since there will be no standing fund to draw from."

BUSINESS COLLEGE ITEMS

The daily attendance for the spring term totals ninety-eight in day and evening school, with several more new ones to enter. The registration since September 9, totals one hundred and sixty.

Miss Lillian Kieck is filling the vacancy with the Pacific Mutual, created by the resignation of Miss Pearl Tompkins. The Pacific mutual is a regular employer of A. B. C. graduates.

Mr. Leo Douglas, Misses Ollie Hinds and Helen Wickham have been working temporarily during the political campaign just closed.

Much publicity is being given the New Mexico Business School of law, known as the "McCor bill" and resolutions adopted by the state board of education, by various commercial, business educators of national rank, official reporters, certified accountants and business men are congratulating the state board on the new law and the regulations adopted, and much praise in several publications is being offered Manager Goodell for the active part he took in having the measure introduced in the legislature and in urging its passage.

The bill is designed to protect the public from the operation of fake or inefficient schools and compels those that operate within the state to maintain high standards.

Miss Gladys Hanley has accepted a position with the Albuquerque Creamery, one of Albuquerque's rapidly growing and substantial business firms.

"Bob" Wigley is visiting relatives and friends in the city for a few days, after which he will leave to

accept a responsible position with the Ozark Mining company of Magdalena.

Mrs. M. A. Brown, temporarily employed in the government service at Magdalena and Miss Lulu Frymire, a graduate of the Wichita Business College, now bookkeeper for L. Shunklin, Gallup, report that they like their positions and are getting along well with their work. Neither attended the A. B. C. but were placed in positions through the school. Graduates of any national accredited commercial school may have their diplomas honored and are invited to receive the assistance of the national accredited commercial schools employment bureau, free of charge, by presenting their membership cards. The A. B. C. extends a welcome to fellow graduates or fellow member schools.

Mr. Jno. M. Gooding of Farmington is in a late arrival to enroll for a course.

The Morning Journal job department is now working on a very attractive catalogue descriptive of the correspondence courses.

A special summer course for teachers is being arranged and promises to become very popular, in view of the large number of inquiries.

Roosevelt Will Soon Be With Us Again

Colonel Guardedly Lets it be Known to the World that He will Reach Manos April 27th

[By Licensed Wire to Evening Herald.]
Rio Janeiro, Brazil, April 11.—The report that Colonel Theodore Roosevelt expects to arrive at Manos on April 27 was confirmed today in telegrams received by Dr. Lauro Muller, Brazilian minister of foreign affairs. The dispatches were sent by a Brazilian officer accompanying Colonel Roosevelt's expedition and by the governor of the state of Amazonas.

In spite of the difficulties due to the rainy season, the messages say the state of health of the members of the expedition who had arrived at Calama was excellent.

Anthony Fiala leaves Manos tomorrow for New York.

ABSENCE OF DIRECT EVIDENCE CLEARED ALFREDO J. CHAVEZ

Attorney A. A. Sedillo was kept busy yesterday receiving congratulations on his success in defending Alfredo J. Chavez, charged with the murder of Casimira Baca, whose trial at Socorro ended in acquittal the night before last. Mr. Sedillo made a masterly appeal to the jury in summing up. Judge Mann's address for the prosecution was no less masterly. The appeals were the strongest of their kind heard in the Socorro court house for many a day.

In combating the prosecution Mr. Sedillo seized on the fact that there was no direct evidence in the case to connect the defendant with the murder. The principal circumstantial evidence was in the effect that the defendant's horse was tracked away from the house of the deceased. The testimony of the defense showed that Chavez admitted he had been to the house of Casimira Baca on the afternoon of the killing, but that on reaching the house he found the door locked, and as things did not appear just right, feared that something wrong had happened, and did not go in.

Claude Hutto, of District Attorney Manuel U. Vigil's office, acted as Mr. Sedillo's clerk, and assisted in preparing the case for the defense.

KING GUSTAV STILL ON UPWARD PATH

Stockholm, April 11.—Further progress toward convalescence was announced in the surgeon's bulletin regarding the condition of King Gustav of Sweden, issued today from the Sophia hospital where his majesty was operated on for ulceration of the stomach on Thursday.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists. 50c. large box, or by mail. The Paxton Toilet Co., Boston, Mass.
